- 5. Martin Burn Ltd., Uttar Pradesh, Madhya Pradesh, Assam.

One of the most important markets is the repower of equipment with Kirloskar Cummins Engines.

#### **SHIRKES**

### build with quality, speed and economy

## M/s. B. G. SHIRKE & CO.

Structural Engineers & Builders, Sole Agents for Richier Weitz Tower Cranes in India and Sponsors of "Siporex India Limited", Poona.

#### Our Specialities :-

- Execution of jobs with modern techniques of CPM and PERT.
- We ourselves manufacture: Structural steel building components; marble mosaic tiles and precast concrete products; steel windows and doors; burnt bricks and ready lime mortar.
- Black topping roads and factory areas by Hot-Mix (Heating metal to 350°F).
- Ail India sole agency for Richier-Weitz Tower Cranes and Minato Vibro Concrete building blocks making machines.
- 5. The above assets with our drawing design and executive sections manned by experienced and qualified personnel enable us to offer A to Z "Package Deals" to our clients from designing to complete construction.

#### Our Projects :---

- 1. We have floated "Siporex-India Limited" In March 1969 for the manufacture of "Siporex" reinforced lightweight autoclaved cellular concrete structural building components for floors, roofs, wails and partitions. The Company is fully financed by us and our Swedish Collaborators, the Industrial Development Bank of India with its consortium financing institutions and by the Government of Maharashtra. Production will start during 1971.
- With technical and financial collaboration of Messrs. Richiers of France we shall soon start manufacture of Tower Cranes; and of Building Blocks making machines with Messrs. Minato of France and of metal sheet grain silos and builk handling equipments with M/s PRIVE of France.

All the Projects are approved by the Government of India.

#### Head Office:

- I. Messrs. B. G. Shirke & Co.
- 2. Messrs. Shirkes Structurals and Ajay Tiles.
- 3. Siporex India Limited.
- 4. Other companies to be floated.

Offices at :

Bombay, Calcutta, Delhi, Madras, Ahmedabad, Bangalore, Bhopai, Bhubaneshwar, Cochin, Indore, Jaipur, Lucknow, Secunderabad.

Manufacturers of:

AIR POWER

Portable Rotary Compressors 3-39 to 16-99 Ma/min. (120 to 600 c.f.m.), Stationary Reciprocating compressors -0.5 to 28-5 Ma/min. (1-7 to 1000 c.f.m.) Oil Free Carbon Ring Compressors, Accessories, After Coolars, Paccipage Stationary Reciprocations and Coolars, Paccipage Stationary Reciprocations and Coolars Reciprocations Stationary Reciprocations and Coolars Reciprocat

Free Carbon Ring Compressors, Accessories, After Coolers, Receivers, Filters, Silencers etc.
Rock Drills, Road Breakers, Vibrators, Picks, Rammers, Sump Pump for Civil Engineering; Rivetting/Chipping Hammers, Drills, Grinders for Metal Working; Drills, Grinders, Rammers for foundry work.

REFRIGERATION & AIR CONDITIONING
Refrigeration Compressors, Open Type—3 to 72
Tonnes Ice Producing Capacity per 24 hours, 5 to
325 TR Air Conditioning Capacity. Semi-sealed Type—
5 and 7·5 TR Air Conditioning Capacity. Stop Valves—
Suitable for refrigerants and other gases. Himagauri
Refrigerated Van Equipment, Rail Refrigerated Van
and Rail Coach Air Conditioning Equipment; Bus Air
Conditioning Equipment, I, 3, 5 and 10 Tonnes
Flake Ice Machines—Turn Key Jobs in Air Conditioning and Refrigeration, Centrifugal Water Chilling
Packages 150 and 500-ton models.

POWER TRANSMISSION

Hydraulic Torque Converters upto 800 HP., Marine Gears upto 500 HP., Transmission Gear Boxes and Final Drives upto 600 HP. for Locomotives, Earthmoving Equipment, Tractors Fork Lift Trucks, Cranes etc.

Address: No. 1, Tees January Marg, New Dolhi 11.

DALMIA, Seth Ramkrishna, Industrialist. b. April 17, 1893. His ancestors, noted for their love of spiritual service, belonged to Dalma, a village in the Haryana (Pb) State, from where they migrated to Rajputana: Educ. : Without the help of a tutor, by reading books in leisure time, practical experience and natural gift, acquired knowledge specially in finance, banking, commerce, economics and philosophy; also acquired good knowledge of Hindi, Bengali, Gujarati and English all of which he speaks well and with ease; well read in Hindu scriptures; started career at the age of 12 at Rs. 10 per mensem, as an apprentice with his maternal uncle; is the founder of the Dalmia-Jain Group of Industries consisting of many companies including banks, insurance and investment companies, chains of cement and sugar factories, chemicals, biscuit factories, aviation companies, railways, collieries,

publishing house and newspapers; has now distributed most of the concerns between his brother and son-in-law, keeping just a few in his hands; had numerous ups and downs in his career but his steadfastness and strong will power raised him to his present position; his centres of activity have grown into self-sufficient towns, named after his ancestors and relations - Dalmianagar (Bihar), Dalmiapuram (South India), Dalmia-Dadri (Haryana), Ramkrishna Lok, Sawai Madhopur (Rajasthan), and Shantinagar (Karachi-Pakistan); is one of the biggest philanthropists; spent huge sums of money to help the Congress and for the uplift of the masses, but at present he is not in politics; since 1951 has lived on milk and fruit juice, has vowed not to take cereals until cow slaughter is abolished; leads plain living, wears simple clothes and is frugal in his personal expenses; is on terms of friendship with religious and social leaders; to strengthen the unity of India and Nepal has recently published a book Political Ideology of King Mahendra of Nepal in which he says that partyless panchayat system, which is most ancient in the world, should be revived by selfless leaders and that the present conflict will continue until the establishment of One World Government. It has been appreciated by almost all world dignitaries in India and abroad; is orthodox in his living and having reverence for other religions, has implicit faith in his own religion and Supreme Power of Goddess "Jagadamba" who pervades and controls the Universe, and from whom all Dharma has emanated. Addrese: Durga Bhawan, 27, Akbar Road, New Delhi-11.

### He's one of our best customers

# though he doesn't know it yet

When he grows up he'll stop riding his pram (made from tubes we make) and have a world-famous bicycle fitted with the most comfortable saddle and a bright dynamo lamp, all of which we make.

The power to light his home will come through one of the millions of transformers we help to make with our cooling tubes.

The bus, car or train he rides will have

steel tubes as part of it, which we produce in every shape and size for all such requirements.

Coming to think of it, we will have much to do with his life, even considering what we make now.

And our future growth? That's for him to guide, for what we do is what would do him good, directly or indirectly.

What we make ow: The world-famous fiercules, Phillips and BSA cycles which have set standards of unequalled quality in over 135 countries; Kohinoor and Grand Champion cycles for the export markets.

Tau-Wel ERW steel tubes, Brampton cycle fittings, Olympic, Brooks and Hector saddles, Tl cycle chains and Miller dynamo lighting sets for the cycle industry and trade.

TRU-WEL ERW steel tubing, cold-rolled steel strip, Diamond roller chains for heavy and light engineering industries, and METSEC cold roll-formed metal sections.
